The share of the Modaraba in an asset reduces with every periodical payment, ultimately transferring ownership of the asset to the client.

The client also pays rent for the use of Modaraba's share in the asset. The clients may approach Sindh Modaraba for the acquisition of plant and machinery, commercial and saloon vehicles, computer and medical equipment using DM financing. The asset remained under the charge of SM until settlement.

## SALAM

Clients may approach Sindh Modaraba for this product to manage its working capital requirements. This may include both core expenses pertaining to business operations of our esteemed clients.

## MURABAHA FINANCE

Murabaha is selling a commodity as per the purchasing price with an agreed profit to the customers. Murabaha refers to the state of commodity on predefined price and profit. Murabaha is completed in two stages. In the first stage the Sindh Modaraba purchases a commodity that the client is desirous of acquiring. In the second stage the client agrees to a payment schedule for repurchasing the goods.

## HOUSE MORTGAGE

### DIMINISHING MUSHARAKAH

HMDM is based on the concept of mortgage. The clients can avail HMDM facility for the acquisition, construction and renovation of property of their choice. Under this product, ownership and possession of the property is with the client. The financing is done by Sindh Modaraba and the client jointly in accordance with an agreed percentage. The property remains mortgaged in favor of Sindh Modaraba and original property documents are held by us till the contract is matured or terminated and settled currently.

## ISTISNA

The word Istisna is a derivative from the root word 'Sa na'a', which means to manufacture or to construct something. Istisna is a contract of sale of specified items to be manufactured or constructed with an obligation on the part of the seller to deliver them to the purchaser upon completion.

A client who intends to purchase certain assets to be manufactured or constructed may approach the Modaraba. At this point Modaraba acting as a seller and the client as purchaser would execute an Istisna contract.

# CHAIRMAN'S REVIEW REPORT

On behalf of the Board of Directors, it is my privilege to present the Chairman's Review of Sindh Modaraba for the financial year 2025–26. The year was marked by a challenging economic and geopolitical environment, requiring careful oversight, prudent decision-making.

It is with immense pleasure that the Board remained actively engaged in providing strategic direction and overseeing the affairs of the Modaraba in line with the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019, applicable regulatory guidelines, and best practices. The Board and its Committees remained focused on ensuring that an appropriate policy, controls, human resource development and oversight mechanisms are in place to support sustainable growth while protecting the interests of the Certificate holders and other stakeholders.

During the year, the Modaraba demonstrated resilience in a changing economic environment. The Board supported management's efforts to expand the Islamic financing portfolio while maintaining a disciplined approach to risk and asset quality. The Board also carried out its annual evaluation of its own performance in accordance with the applicable regulatory framework.

Looking ahead, the Board remains mindful of the uncertainties that may continue to affect the economic and financial environment. Our approach will therefore remain focused on sustainable growth, prudent risk management, sound governance, and responsible expansion of Islamic financing. We will continue to support management in identifying viable business opportunities while maintaining appropriate safeguards for the Modaraba and its Certificate holders.

As a Chairman of the Board and on behalf of the Board of Directors, I extend my sincere my heartfelt appreciation to the Government of Sindh, Secretary Finance, Securities & Exchange Commission of Pakistan, our Certificate holders, Shariah Advisor, management, employees and all other stakeholders for their expertise, passion, confidence and continued support. I Would also like to place on record my special appreciation to CEO for his

outstanding leadership and visionary approach in achieving these landmark accomplishments during the fiscal year 2025-2026. With a collective commitment, responsible governance and a clear focus on our long-term objectives, I am confident that the Modaraba will continue to strengthen its position and contribute to the growth of Islamic finance in Pakistan. We are committed to sustaining this momentum, driving growth and creating further value for the stakeholders.

# CEO's MESSAGE

It is a privilege to share the Annual Report of Sindh Modaraba for the financial year 2025–26. I express my sincere gratitude and appreciation to the Government of Sindh, the Secretary Finance (GoS), SECP (The Regulator), Chairman & Board of Directors, our valued Certificate Holders (Modaraba) and our Shariah Advisor for their continued confidence, guidance, and support. I also applaud our employees for their commitment, professionalism, and collective efforts in achieving the objectives of the institution.

The year under review was marked by strong growth and continued strengthening of Sindh Modaraba. Fresh disbursements reached a record figure of Rs. 2 billion during the year ended June 2026, despite a challenging operating environment and regional uncertainties. Through prudent business development, effective recovery, and disciplined risk management, non-performing loans remained below 1% of the total portfolio. The fresh equity injection by the Government of Sindh further strengthened our capital base, taking equity upto Rs. 3.04 billion.

Another significant achievement was the upgrade by VIS Credit Rating Company in December 2025 of Sindh Modaraba's long-term rating from A+ to AA- and short-term rating from A-1 to A1+. This upgrade reflects the strength of our financial position, sound risk management and improved credit quality. During the year, we also introduced "Istisna" as a new mode of Islamic financing, complementing our existing Murabaha and Diminishing Musharakah products. This facility will enable us to better serve customers in construction, manufacturing, infrastructure and other sectors where assets are developed or manufactured against specified requirements.

Looking ahead, our priority will be to build on this progress through prudent business expansion, stronger customer engagement, technology-enabled processes, and the introduction of innovative Shariah-compliant financing solutions. We will continue to focus on productive sectors, particularly SMEs, renewable energy, agri-based businesses, and other areas that can contribute to sustainable economic activity and development.

With a stronger capital base, improved credit rating, clear strategic direction and the continued support of our stakeholders, I am confident that Sindh Modaraba is well positioned to further strengthen its role in Islamic finance and contribute meaningfully to the growth of the economy.

Thank you once again for your continued trust and support in Sindh Modaraba.

## DIRECTORS' REPORT

On behalf of the Board of Directors of Sindh Modaraba Management Limited, we are presenting the 12 th annual report of Sindh Modaraba together with Audited Accounts for the year ended June 30, 2026.

### 1. Economy

The global economy remained resilient during FY-2026 despite ongoing geopolitical tensions, trade policy uncertainties, and elevated sovereign debt levels. While inflation moderated across major economies, central banks adopted a cautious monetary stance amid persistent inflationary risks, resulting in slower global growth, volatile commodity prices, and continued uncertainty in international financial markets.

Against this backdrop, Pakistan's economy recorded meaningful progress towards macroeconomic stability, supported by prudent fiscal and monetary policies, the continued implementation of the IMF Extended Fund Facility (EFF), and strengthening external sector fundamentals. Inflation declined significantly during the year, enabling the State Bank of Pakistan to reduce the policy rate, which improved financing conditions substantially, strengthened business confidence and supported a gradual recovery in economic activity. Real GDP growth improved, led by stronger agricultural output, moderate industrial recovery, and resilience in the services sector.

The external sector also strengthened, supported by higher workers' remittances, improved export performance, disciplined import management, and continued support from multilateral and bilateral partners. These developments contributed to a current account surplus, gradual improvement in foreign exchange reserves and relative exchange rate stability. Meanwhile, the Government continued to pursue fiscal consolidation through revenue-enhancing measures, expenditure rationalization, and structural reforms to strengthen long-term economic sustainability.

The financial sector remained flexible, well-capitalized, and adequately liquid throughout the year. The easing monetary environment, improving asset quality, and strengthening macroeconomic fundamentals supported financing activity across both the banking and non- bank financial sectors. The Islamic finance industry continued its positive trajectory, driven by increasing demand for Shariah-compliant financial solutions and the Government's continued commitment towards the development of an interest-free financial system, providing encouraging growth opportunities for Modarabas.

### 2. Operating Results and Business Overview

The financial year 2025-26 was another year of strong operational performance for Sindh Modaraba, during which the Management remained focused on expanding its core Islamic financing business while preserving asset quality, strengthening risk management practices and maintaining prudent financial discipline. These initiatives enabled the Modaraba to achieve sustainable business growth despite a significantly lower profit rate environment during the year.

The Modaraba reported a profit before tax of **Rs. 232.07 million** (2025: Rs. 236.38 million). Although profitability remained strong, earnings were moderated by the substantial change in the State Bank of Pakistan's policy rate during the year, which compressed profit rates across the financial sector. Nevertheless, income from financing operations increased significantly by **Rs. 96.20 million / 44%**, supported by the continued expansion of the Islamic financing portfolio in Murabaha, while the investment in Sukuk also contributed an additional source of income amounting to **Rs. 6.14 million** during the year.

The financing portfolio expanded by **51%** to **Rs. 2.58 billion** (2025: Rs. 1.70 billion), while fresh financing disbursements increased to **Rs. 2.05 billion** (2025: Rs. 1.52 billion). This growth reflects the increasing demand for the Modaraba's Shariah-compliant financing solutions, supported by improved market confidence, prudent customer selection, and continued emphasis on quality financing opportunities.

The Modaraba also achieved significant improvement in asset quality during the year. Non-performing financings facilities (NPL) declined by **65%** to **Rs. 21.55 million** (2025: Rs. 62.05 million), resulting in a higher reversal of provisions of **Rs. 8.49 million** (2025: Rs. 4.77 million). These improvements reflect the effectiveness of the Management's disciplined credit appraisal, proactive recovery efforts, and robust risk management framework

To support its long-term growth strategy, the Modaraba strategically expanded its human capital and business development capabilities, particularly by strengthening its marketing and business development teams. While administrative and operating expenses adjusted to Rs. 111.08 million (up from Rs. 87.44 million in 2025), this proactive investment directly fueled a substantially larger financing portfolio and established a robust foundation for sustainable future scaling.

Moreover, during the period, Modaraba Management Company received **Rs. 1 billion** in equity from the Government of Sindh, which has been made available to Sindh Modaraba through a **Riba-free subordinated fund**. This strategic capital support has strengthened the Modaraba's financial position, enhanced its financing capacity, and support its future growth initiatives.

The operating results for the year ending June 30, 2026, are summarized in the table below:

### 3. Outlook

Looking ahead, Pakistan's economic outlook remains cautiously optimistic, underpinned by continued macroeconomic stabilization, implementation of structural reforms under the IMF program, easing inflationary pressures, and a relatively accommodative monetary environment. While global geopolitical developments, trade uncertainties, commodity price volatility and climate-related risks continue to present challenges, improving business confidence and policy continuity are expected to support a gradual recovery in economic activity.

The lower interest rate environment, together with strengthening financial sector stability and increasing demand for Shariah-compliant financial solutions, is expected to create favourable opportunities for Islamic financial institutions. Continued government initiatives to promote Islamic finance, financial inclusion, digital transformation and private sector investment are anticipated to further support the growth of the Modaraba sector.

During FY-2027, Management anticipates receiving an additional equity support of **Rs. 1 billion** through the Modaraba Management Company for onward injection into Sindh Modaraba as a Riba-free subordinated fund, subject to completion of the requisite approvals and formalities. This additional capital support is expected to further strengthen the Modaraba's capital base, enhance its financing capacity, and support the execution of its long- term growth strategy.

Building on these developments, Sindh Modaraba remains well positioned to capitalize on emerging opportunities through prudent portfolio expansion, disciplined credit underwriting, proactive recovery efforts, and continued emphasis on asset quality, liquidity management, operational efficiency, and robust risk management. The Management will continue to focus on financing quality customers operating in low-risk sectors, while maintaining strict Shariah compliance, sound corporate governance and sustainable value creation for certificate holders.

Although economic and regulatory challenges may persist, the Board remains confident that the Modaraba's strong financial foundation, experienced management and disciplined business strategy will support long-term sustainable growth and resilience.

#### 4. Profit distribution

As per Modaraba Regulations issued by the Securities & Exchange Commission of Pakistan, every Modaraba may create a reserve fund which shall be credited with an amount to the reserve fund from after-tax profits or any part thereof.

## ڈائریکٹر کی رپورٹ

بورڈ آف ڈائریکٹرز آف سندھ مضاربہ مینجمنٹ لمیٹڈ کی جانب سے، ہم 30 جون 2026 کو ختم ہونے والے سال کے لیے سندھ مضاربہ کی بارہویں سالانہ رپورٹ آڈٹ شدہ اکاؤنٹس کے ساتھ پیش کر رہے ہیں۔

### 1. معیشت

عالمی معیشت مالی سال 2026 کے دوران جاری جغرافیائی سیاسی تناؤ، تجارتی پالیسی کی غیر یقینی صورتحال، اور خود مختار قرضوں کی بلند سطح کے باوجود لچکدار رہی۔ جب کہ بڑی معیشتوں میں افراط زر میں اعتدال آیا، مرکزی بینکوں نے مہنگائی کے مسلسل خطرات کے درمیان ایک محتاط مانیٹری موقف اپنایا، جس کے نتیجے میں عالمی نمو میں کمی، اشیاء کی قیمتوں میں اتار چڑھاؤ، اور بین الاقوامی مالیاتی منڈیوں میں مسلسل غیر یقینی صورتحال پیدا ہوئی۔

اس پس منظر میں پاکستان کی معیشت نے محتاط مالی اور زرعی پالیسیوں، آئی ایم ایف کے ایکسٹینڈڈ فنڈ فیسلٹی پروگرام پر مسلسل عملدرآمد اور بیرونی شعبے کے بنیادی اشاریوں میں بہتری کے باعث معاشی استحکام کی جانب نمایاں پیش رفت کی۔ سال کے دوران مہنگائی میں نمایاں کمی ہوئی، جس سے اسٹیٹ بینک آف پاکستان کو پالیسی ریٹ میں کمی کا موقع ملا۔ اس اقدام سے مالی اعانت کی صورتحال میں نمایاں بہتری آئی، کاروباری اعتماد مضبوط ہوا اور معاشی سرگرمیوں میں بتدریج بحالی ہوئی۔ حقیقی مجموعی ملکی پیداوار (GDP) میں بھی بہتری آئی، جس کی بنیادی وجوہات زرعی پیداوار میں اضافہ، صنعتی شعبے میں معتدل بحالی اور خدمات کے شعبے کی مضبوط کارکردگی تھیں۔

بیرونی شعبے کی صورتحال میں بھی بہتری آئی، جس میں بیرون ملک مقیم پاکستانیوں کی ترسیلات زر میں اضافہ، برآمدات کی بہتر کارکردگی، درآمدات کے منظم انتظام اور کثیرالجہتی ودو طرفہ شراکت داروں کی مسلسل معاونت نے اہم کردار ادا کیا۔ ان عوامل کے نتیجے میں کرنٹ اکاؤنٹ سرپلس، زرمبادلہ کے ذخائر میں بتدریج بہتری اور شرح مبادلہ میں نسبتاً استحکام پیدا ہوا۔ اسی دوران حکومت نے محصولات میں اضافے کے اقدامات، اخراجات میں معقولیت اور ساختی اصلاحات کے ذریعے مالی استحکام کو جاری رکھنا تاکہ طویل مدتی معاشی پائیداری کو مضبوط بنایا جاسکے۔

مالیاتی شعبہ پورے سال لچکدار، مضبوط سرمایہ کا حامل اور مناسب لیکویڈیٹی کے ساتھ مستحکم رہا۔ نرم مالیاتی ماحول، اثاثوں کے معیار میں بہتری اور مضبوط ہوتے ہوئے معاشی بنیادی عوامل نے بینکاری اور غیر بینکاری دونوں مالیاتی شعبوں میں مالی اعانت کی سرگرمیوں کو سہارا دیا۔ اسلامی مالیات کی صنعت نے بھی مثبت پیش رفت جاری رکھی، جس کی بنیادی وجوہات شرعی اصولوں کے مطابق مالیاتی حل کی بڑھتی ہوئی طلب اور حکومت کی جانب سے بلا سود مالیاتی نظام کے فروغ کے لیے مسلسل عزم تھیں، جس سے مضاربہ شعبے کے لیے ترقی کے حوصلہ افزا مواقع پیدا ہوئے۔

### 2. عملدرآمد کے نتائج اور کاروباری جائزہ

مالی سال 2025-26 سندھ مضاربہ کے لیے اچھی کارکردگی کا ایک اور سال رہا۔ اس دوران انتظامیہ نے اپنے بنیادی اسلامی فنانسنگ کے کاروبار کو بڑھانے پر توجہ دی، ساتھ ہی اثاثوں کے معیار کو برقرار رکھا، خطرات کو بہتر طریقے سے سنبھالا اور مالی معاملات میں احتیاط سے کام لیا۔ ان اقدامات کی وجہ سے سال کے دوران منافع کی شرح کافی کم ہونے کے باوجود مضاربہ اپنے کاروبار میں مسلسل اور اچھی ترقی حاصل کرنے میں کامیاب رہا۔

مضاربہ نے فیکس سے قبل 232.07 ملین روپے کا منافع رپورٹ کیا، جبکہ (2025 میں یہ 236.38 ملین روپے تھا)۔ اگرچہ منافع بخش کارکردگی مضبوط رہی، تاہم سال کے دوران اسٹیٹ بینک آف پاکستان کے پالیسی ریٹ میں نمایاں تبدیلی کے باعث مالیاتی شعبے میں منافع کی شرحوں پر دباؤ آیا، جس سے آمدنی میں کمی واقع ہوئی۔ اس کے باوجود اسلامی مالیاتی سرگرمیوں سے حاصل ہونے والی آمدنی میں نمایاں اضافہ ہوا۔ مزاحمہ میں اسلامی مالیاتی پورٹ فولیو کی مسلسل توسیع کے باعث مالیاتی آپریشنز سے آمدنی میں 96.20 ملین روپے، یعنی 44 فیصد اضافہ ہوا۔ اس کے علاوہ صکوک میں سرمایہ کاری نے بھی سال کے دوران 6.14 ملین روپے کی اضافی آمدنی فراہم کی۔

مالیاتی پورٹ فولیو 51 فیصد سے بڑھ کر 2.58 ارب روپے ہو گیا، جو (2025 میں 1.70 ارب روپے) تھا، جبکہ نئی مالی اعانت کی تقسیم 2.05 ارب روپے تک پہنچ گئی، جو (2025 میں 1.52 ارب روپے) تھی۔ یہ نمو شرعی اصولوں کے مطابق مضاربہ کی مالیاتی سہولیات کی بڑھتی ہوئی طلب، مارکیٹ کے بہتر اعتماد، صارفین کے محتاط انتخاب اور معیاری مالیاتی مواقع پر مسلسل توجہ کی عکاسی کرتی ہے۔

## ڈائریکٹر کی رپورٹ

سال کے دوران اثاثوں کے معیار میں بھی نمایاں بہتری آئی۔ غیر فعال مالیاتی سہولیات (NPLs) میں 65 فیصد کمی واقع ہوئی اور یہ 21.55 ملین روپے رہ گئیں، جبکہ (2025) میں یہ 62.05 ملین روپے) تھیں۔ اس کے نتیجے میں پروویژن کی واپسی بھی بڑھ کر 8.49 ملین روپے ہو گئی، جو (2025) میں 4.77 ملین روپے تھی۔ یہ بہتری انتظامیہ کی منظم کریڈٹ جانچ، بروقت وصولی کی مؤثر کوششوں اور مضبوط رسک مینجمنٹ فریم ورک کی عکاسی کرتی ہے۔

طویل مدتی ترقی کی حکمت عملی کو معاونت فراہم کرنے کے لیے مضر بہ نے اپنے انسانی وسائل اور کاروباری ترقی کی صلاحیتوں میں حکمت عملی کے تحت اضافہ کیا، بالخصوص مارکیٹنگ اور بزنس ڈویلپمنٹ ٹیموں کو مضبوط بنایا۔ انتظامی اور آپریٹنگ اخراجات بڑھ کر 111.08 ملین روپے ہو گئے، جو (2025) میں 87.44 ملین روپے تھے۔ تاہم، یہ فعال سرمایہ کاری بڑے مالیاتی پورٹ فولیو کی تشکیل میں براہ راست معاون ثابت ہوئی اور مستقبل میں پائیدار توسیع کے لیے مضبوط بنیاد فراہم کی۔

مزید برآں، زیر جائزہ مدت کے دوران مضر بہ مینجمنٹ کمپنی کو حکومت سندھ کی جانب سے 1 ارب روپے کی ایکویٹی موصول ہوئی، جو بلا سود ماتحت فنڈ کے ذریعے سندھ مضر بہ کو دستیاب کرائی گئی۔ اس حکمت عملی کے تحت فراہم کردہ سرمایہ نے مضر بہ کی مالیاتی پوزیشن مضبوط کی، مالی اعانت کی صلاحیت میں اضافہ کیا اور مستقبل کے ترقیاتی اقدامات کے لیے معاونت فراہم کی۔

30 جون 2026 کو ختم ہونے والے سال کے آپریٹنگ نتائج کا خلاصہ نیچے دی گئی جدول میں کیا گیا ہے

### 3. نقطہ نظر

آنے والے عرصے میں پاکستان کی معاشی صورتحال محتاط طور پر پُر امید نظر آتی ہے۔ اس کی بنیاد مسلسل معاشی استحکام، آئی ایم ایف پروگرام کے تحت ساختی اصلاحات پر عملدرآمد، مہنگائی کے دباؤ میں کمی اور نسبتاً نرم مالیاتی ماحول پر ہے۔ اگرچہ عالمی جغرافیائی و سیاسی حالات، تجارتی غیر یقینی صورتحال، اجناس کی قیمتوں میں اتار چڑھاؤ اور موسمیاتی خطرات بدستور چیلنجز پیش کرتے رہیں گے، تاہم کاروباری اعتماد میں بہتری اور پالیسیوں کے تسلسل سے معاشی سرگرمیوں میں بتدریج بحالی کی توقع ہے۔

کم شرح سود کا ماحول، مالیاتی شعبے میں بڑھتا ہوا استحکام اور شرعی اصولوں کے مطابق مالیاتی حل کی بڑھتی ہوئی طلب اسلامی مالیاتی اداروں کے لیے سازگار مواقع پیدا کرنے کی توقع ہے۔ اسلامی مالیات، مالیاتی شمولیت، ڈیجیٹل تبدیلی اور نجی شعبے میں سرمایہ کاری کے فروغ کے لیے حکومت کے مسلسل اقدامات سے مضاربہ شعبے کی ترقی کو مزید تقویت ملنے کی توقع ہے۔

مالی سال 2027 کے دوران انتظامیہ کو توقع ہے کہ مضاربہ مینجمنٹ کمپنی کے ذریعے مزید 1 ارب روپے کی ایکویٹی معاونت حاصل ہوگی، جسے مطلوبہ منظور یوں اور رسمی کارروائیوں کی تکمیل سے مشروط، بلا سود ماتحت فنڈ کے طور پر سندھ مضاربہ میں منتقل کیا جائے گا۔ اضافی سرمایہ جاتی معاونت سے مضاربہ کی سرمایہ جاتی بنیاد مزید مضبوط ہونے، مالی اعانت کی صلاحیت میں اضافہ ہونے اور طویل مدتی ترقی کی حکمت عملی پر عملدرآمد میں معاونت ملنے کی توقع ہے۔

ان پیش رفتوں کی بنیاد پر سندھ مضاربہ ابھرتے ہوئے مواقع سے فائدہ اٹھانے کے لیے مضبوط پوزیشن میں ہے۔ اس مقصد کے لیے محتاط انداز میں پورٹ فولیو میں توسیع، منظم کریڈٹ جانچ، بروقت وصولی کی فعال کوششیں اور اثاثوں کے معیار، لیکویڈیٹی مینجمنٹ، آپریشنل کارکردگی اور مضبوط رسک مینجمنٹ پر مسلسل توجہ برقرار رکھی جائے گی۔ انتظامیہ کم خطرے والے شعبوں میں کام کرنے والے معیاری صارفین کو مالی اعانت فراہم کرنے پر توجہ جاری رکھے گی، جبکہ شرعی مطابقت، مضبوط کارپوریٹ گورننس اور سرٹیفکیٹ ہولڈرز کے لیے پائیدار قدر پیدا کرنے کے اصولوں کو برقرار رکھا جائے گا۔ اگرچہ معاشی اور ریگولیٹری چیلنجز برقرار رہ سکتے ہیں، بورڈ کو یقین ہے کہ مضاربہ کی مضبوط مالیاتی بنیاد، تجربہ کار انتظامیہ اور منظم کاروباری حکمت عملی طویل مدتی پائیدار ترقی اور مضبوطی کو یقینی بنانے میں معاون ثابت ہوگی۔

### 4. منافع کی تقسیم

بورڈ آف ڈائریکٹرز نے 30 جون 2026 کو ختم ہونے والے سال کے لیے فی سرٹیفکیٹ 1.40 روپے (2025: 1.35 روپے) یعنی 14% فیصد (2025: 13.50% فیصد) نقد منافع کی منظوری دی ہے۔

## ڈائریکٹر کی رپورٹ

سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے جاری کردہ مضاربہ ریگولیشنز کے مطابق ہر مضاربہ ایک ریزرو فنڈ قائم کر سکتا ہے، جس میں ٹیکس کے بعد منافع یا اس کے کسی حصے سے رقم منتقل کی جاسکتی ہے۔

بورڈ آف ڈائریکٹرز نے قانونی ریزرو کے لیے 32.27 ملین روپے (20 فیصد) رکھنے کی منظوری دی ہے۔

### 5. بیرونی سالانہ آڈٹ

مضاربہ کے مالیاتی بیانات کا آڈٹ آڈیٹرز یعنی میسرز گرینٹ تھورنٹن انجمن رحمان، چارٹرڈ اکاؤنٹنٹس نے بغیر کسی اہلیت کے کیا ہے۔

### 6. کارپوریٹ گورننس

مضاربہ کو پبلک سیلٹر کمپنیوں (کارپوریٹ گورننس) رولز، 2013 (رولز) کے مختلف تقاضوں کے ساتھ ساتھ ایس ای سی پی کی طرف سے جاری کردہ لسٹڈ کمپنیاں (کوڈ آف کارپوریٹ گورننس) ریگولیشنز 2019 (سی سی جی) کی تعمیل کرنا ضروری ہے۔ قانونی آڈیٹرز کو بہترین طریقوں کے تعمیل بیان پر اپنی جائزہ رپورٹ بھی جاری کرنا ضروری ہے، جو مالیاتی بیانات کے ساتھ شائع ہوتی ہے۔

قانونی آڈیٹرز سے یہ بھی تقاضا کیا جاتا ہے کہ وہ بہترین طریقہ کار کے بیان تعمیل پر اپنا جائزہ رپورٹ جاری کریں، جو مالیاتی گوشواروں کے ساتھ شائع کی جاتی ہے۔ بورڈ آف ڈائریکٹرز نے پی ایس سی جی قواعد-2013 اور سی سی جی ضوابط 2019 کا جائزہ لیا ہے اور تصدیق کی ہے کہ:

- بورڈ نے کارپوریٹ گورننس کے متعلقہ اصولوں پر مسلسل عملدرآمد کیا ہے۔

## SHARIAH REVIEW REPORT FOR THE FINANCIAL YEAR ENDED JUNE 2026

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

*All praise is due to Almighty Allah, the Lord of the Worlds. May peace and blessings be upon His last and final Prophet, Muhammad (ﷺ), his family, companions, and those who follow them with righteousness until the Day of Judgment.*

Sindh Modaraba is a perpetual, multi-dimensional, non-trading Modaraba formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980. It is managed by Sindh Modaraba Management Limited, wholly owned by the Government of Sindh. The Modaraba primarily operates in Murabaha, Musharakah, Diminishing Musharakah, Ijarah financing, investments in marketable securities, and related activities.

### Basis of Review

During the year ended June 30, 2026, I reviewed the overall operations, policies, products, financing transactions, investments, relevant documentation and processes of Sindh Modaraba. The review was conducted in light of the applicable requirements of the Shari'ah Governance Regulations, 2023, relevant provisions of S.R.O. 2310(I)/2022, Shariah Compliance and Shariah Audit Mechanism 2012 (SCSAM 2012) other applicable instructions and guidelines issued by the Securities and Exchange Commission of Pakistan (SECP), relevant Shari'ah standards, rulings, guidance and approvals issued by the Shari'ah Advisor from time to time.

The review covered, inter alia, financing products and transactions, contracts and documentation, investment activities, financial arrangements, policies and manuals, and related operational processes.

The following were the major developments during the year under review:

- ┆ Revision of policies, Shari'ah-compliant products and related process flows;
- ┆ Regular provision of Islamic finance knowledge and Shari'ah awareness training to the staff;
- ┆ Review, definition and approval of various financing-related matters and processes in accordance with applicable Shari'ah principles and guidelines; and
- ┆ Strengthening of Shari'ah compliance processes through continued coordination between management and the Shari'ah Advisor.

The management took initiatives to ensure smooth operations of the Modaraba in accordance with applicable regulatory and Shari'ah requirements and obtained prior Shari'ah approval for relevant transactions, policies, products and services requiring such approval. An independent external Shari'ah audit was also conducted during the year in accordance with the applicable SECP regulatory requirements, thereby further strengthening the independent assurance framework relating to the Shari'ah compliance environment of the Modaraba.

### Observations and Certification

Based on the review performed, the information and records made available to me, and the explanations obtained from the management, I am of the opinion that:

- a) The transactions, documentation and procedures reviewed during the year were, in all material respects, in accordance with the principles of Shari'ah, the guidance and approvals of the Shari'ah Advisor, the applicable Shari'ah standards, including SCSAM 2012, and the Shari'ah Governance Regulations, 2023.
- b) The affairs and activities of the Modaraba were conducted, in all material respects, in conformity with the principles and rules of Shari'ah, applicable regulatory requirements, and the Shari'ah opinions and approvals issued from time to time.

- c) Based on the review and information made available, no income or earnings arising from sources or means prohibited by Shari'ah were identified during the year. Accordingly, no amount was required to be transferred to the charity account on account of Shari'ah non-compliance.

Additionally, I further certify that;

- I All bank accounts were maintained with Islamic Banking Institutions (IBIs) or Islamic Banking Branches of conventional banks, in accordance with applicable Shari'ah requirements and approvals;
- I No Shari'ah non-compliance event of a material nature came to my attention during the year under review; and
- I Minor observations, wherever identified, were communicated to management and addressed or rectified in accordance with the applicable Shari'ah guidelines.

Accordingly, based on the review performed and subject to the above scope and qualifications, I certify that the overall operations and activities of Sindh Modaraba for the financial year ended June 30, 2026 were, in all material respects, conducted in accordance with the principles of Shari'ah and applicable regulatory requirements.

### Recommendations

While providing the above certification, I recommend the following measures for further strengthening Shari'ah compliance and promoting the development of Islamic finance within the institution:

- I Introduction of additional Shari'ah-compliant financing products to diversify the Modaraba's product portfolio, supported by appropriate internal and external staff training;
- I Extension of Diminishing Musharakah-based staff financing facilities, particularly for housing and vehicle financing, with appropriate incorporation into the relevant policies and manuals;
- I Development of Shari'ah-compliant staff benefit arrangements, including financing facilities, comprehensive Takaful coverage and Islamic provident fund arrangements, subject to appropriate Shari'ah review and approval; and
- I Increasing the frequency and scope of Shari'ah awareness and training sessions for staff and, where appropriate, customers, to enhance understanding and adoption of Islamic financial principles.

### Conclusion

Based on the review performed, the information and records made available, and the explanations obtained from management, I have not come across any matter which, in my opinion, is contrary to the principles of Shari'ah and applicable regulatory requirements in any material respect.

I pray to Almighty Allah for the continued success, growth and prosperity of Sindh Modaraba and for its steadfastness in adhering to the principles and commands of Shari'ah.

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE CERTIFICATE HOLDERS OF SINDH MODARABA

**Review Report on the Statement of Compliance with  
the Public Sector Companies (Corporate Governance) Rules, 2013  
and Listed Companies (Code of Corporate Governance) Regulations, 2019**

We have reviewed the enclosed Statement of Compliance with the Public Sector Companies (Corporate Governance) Rules, 2013 and Listed Companies (Code of Corporate Governance) Regulations, 2019 (both herein referred to as 'Codes') prepared by the Board of Directors of Sindh Modaraba ("the Modaraba") for the year ended June 30, 2026 to comply with the requirements of codes.

The responsibility for compliance with the Code and the Rules is that of the Board of the Management Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Modaraba's compliance with the provisions of the Rules and report if it does not and to highlight any non-compliance with the requirements of the Code or the Rules. A review is limited primarily to inquiries of the Modaraba's and Management Company's personnel and review of various documents prepared by the Management Company to comply with the Codes.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Management Company's corporate governance procedures and risks.

Further, the Code and the Rules requires the Management Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Management Company's compliance, for and on behalf of Modaraba, in all material respects, with the requirements contained in the Code and the Rules as applicable to the Company for the year ended June 30, 2026.

## 5. Our responsibility and summary of the work performed

Our responsibility in connection with this engagement is to express an opinion on compliance of the Modaraba's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles, in all material respects, for the year ended June 30, 2026, based on the evidence we have obtained. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the compliance of the Modaraba's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles (criteria specified in paragraph 2 above).

The procedures selected by us for the engagement depended on our judgement, including the assessment of the risks of material non-compliance with the Shariah principles. In making those risk assessments, we considered and tested the internal control relevant to the Modaraba's compliance with the Shariah principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Modaraba's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts and transactions having Shariah implications and related policies and procedures based on judgmental and systematic samples with regard to the compliance of Shariah principles (criteria specified in paragraph 2 above).

We believe that the evidences we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion.

### **Information other than the Financial Statements and Auditor's Report thereon**

Management is responsible for the other information. The other information comprises the information included in the Annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement in this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Modaraba for the financial statements**

Management of the Modaraba Company is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and for such internal control as management of the Modaraba Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management of the Modaraba is responsible for assessing the Modaraba's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management of the Modaraba Company either intends to liquidate the Modaraba or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Modaraba Company are responsible for overseeing Modaraba's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurances about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: -

- I Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- I Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Modaraba's internal control;
- I Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management of the Modaraba Company;

- I Conclude on the appropriateness of the management of the Modaraba Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Modaraba's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Modaraba to cease to continue as a going concern; and
- I Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Modaraba Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors of the Modaraba Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors of the Modaraba Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on other legal and regulatory requirements**

## 3. MATERIAL ACCOUNTING POLICIES INFORMATION

The material accounting policies adopted and applied in the preparation of these financial statements as set out below. These policies have been consistently applied to all years presented unless other wise stated.

### 3.1 Financial instruments

#### 3.1.1 Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognized when the Modaraba becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value.

Financial assets are derecognized when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred.

A financial liability is derecognized when it is extinguished, discharged, cancelled or has expired.

### 3.1.2 Subsequent measurement of financial assets

#### Financial assets at amortized cost

Financial assets are measured at amortized cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and profit on the principal amount outstanding.

After initial recognition, these are measured at amortized cost using the effective profit rate method. Discounting is omitted where the effect of discounting is immaterial. The Modaraba's cash and cash equivalents and short term investments fall into this category of financial instruments.

#### Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorized at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and profit are accounted for at FVTPL. All financial assets are classified and measured at fair value through profit or loss unless the Modaraba makes an irrevocable election on initial recognition to present gains and losses on equity instruments in other comprehensive income.

Despite these requirements, a financial asset may be irrevocably designated as measured at fair value through profit or loss to reduce the effect of, or eliminate, an accounting mismatch.

#### Financial assets at fair value through other comprehensive income (FVTOCI)

The Modaraba accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective it is "hold to collect and sell"; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and profit on the principal amount outstanding.

### 3.1.3 Equity instruments

At initial recognition, the Modaraba may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument within the scope of this standard that is not held for trading.

Where the Modaraba's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Changes in the fair value of equity investments at fair value through profit or loss are recognized in other income / (other expenses) in the statement profit or loss as applicable.

Dividends from such investments continue to be recognized in the statement of profit and loss as other income when the Modaraba's right to receive payments is established.

Any gains or losses on derecognition of financial instruments that is measured at fair value shall be recognized in the statement of profit and loss unless it is an investment in an equity instrument and the Modaraba has elected to present gains and losses on that investment in the statement of comprehensive income.

### 3.1.4 Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognize expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements included facilities and other debt-type financial assets measured at amortized cost and FVTOCI that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Modaraba first identifying a credit loss event. Instead the Modaraba considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second and third category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

### 3.1.5 Classification and subsequent measurement of financial liabilities

Financial liabilities comprise trade and other payables, amount due to a related party and borrowings.

Financial liabilities are measured subsequently at amortized cost using the effective profit rate method. Discounting is omitted if the impact is immaterial.

### 3.1.6 Off-setting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis, or realize the assets and settle the liabilities simultaneously.

## 3.2 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at amortized cost. These include balances with banks in deposit and current accounts, short term investment with maturity period not exceeding three months and stamps in hand.

## 3.3 Property and equipment

### 3.3.1 Tangible assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the assets carrying amounts or recognized as separate assets, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Modaraba and the cost of the items can be measured reliably.

All other repairs and maintenance expenses are charged to the statement of profit and loss as and when incurred. Depreciation on all tangible assets is charged to income on a straight - line basis in accordance with the specified rates.

The useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date. Depreciation is charged on additions from the month the asset is available for use and on disposals up to the month preceding the month of disposal.

Gains and losses on disposals are determined by comparing the sale proceeds with the carrying amounts. These are recorded in the statement of profit and loss in the period in which these arise.

### 3.3.2 Capital work-in-progress

Capital work-in-progress, if any, is stated at cost less accumulated impairment losses, if any, and represents expenditure on property and equipment in the course of installation and advances for capital expenditure. Transfers are made to the relevant category of tangible / intangible assets as and when the assets are available for intended use.

### 3.4 Intangible assets

Intangible assets having a finite useful life are stated at cost less accumulated amortization and accumulated impairment losses, if any. Subsequent costs are included in the assets' carrying amounts or recognized as separate assets, as appropriate, only where it is probable that the future economic benefits associated with the assets will flow to the Modaraba and the cost of the items can be measured reliably.

Amortization is charged to income using the straight line method in accordance with the specified rates. The useful lives and amortization method are reviewed and adjusted, as appropriate, at each reporting date. Amortization is charged from the month the asset is available for use while in the case of assets disposed of, it is charged till the month preceding the month of disposal.

Intangible assets having an indefinite useful life are stated at cost less accumulated impairment losses, if any.

Gain or loss on disposal of intangible assets, if any, is taken to the statement of profit and loss in the period in which these arise.

### 3.5 Ijarah assets given to customers under agreement

Assets leased out under Ijarah are recorded as Ijarah assets and are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Depreciation is charged to income by applying the straight line method whereby the cost of an asset less salvage value is written off over the lease term, which is considered to be the estimated useful life of the asset.

- Muj`ir (lessors) presents the assets subject to Ijarah in their statement of financial position according to the nature of the asset, distinguished from the assets in own use.
- Costs, including depreciation on the assets given on Ijarah, incurred in earning the Ijarah income are recognized as expenses.
- Initial direct costs incurred specifically to earn revenues from Ijarah are recognized as an expense in the statement of profit and loss in the period in which they are incurred.

### 3.6 Murabaha finance

Funds disbursed for purchase of goods are recorded as 'Advance for Murabaha'. On culmination of murabaha i.e. sale of goods to customers, murabaha financings are recorded at the deferred sale price. Goods purchased but remaining unsold at the statement of financial position date are recorded as inventories. Profit on murabaha financings is recognized on accrual basis. Profit on murabaha transactions for the period from the date of disbursement to the date of culmination of murabaha is recognized immediately upon the later date. Profit unearned at statement of financial position date is deferred and recorded as deferred murabaha income. Financing are stated net of specific and general provisions against non-performing financings, if any, which are charged to the statement of profit and loss.

### 3.7 Diminishing Musharaka financing

Under Diminishing Musharaka arrangements, the Modaraba and the customer jointly own an asset in agreed proportions. The Modaraba's share in the jointly owned asset is divided into musharaka units which the customer undertakes to purchase periodically over the tenure of the arrangement until ownership of the asset is transferred entirely to the customer.

Funds disbursed by the Modaraba for the acquisition of its share in the jointly owned asset are recorded as 'Diminishing Musharaka'. The financing is stated at the amount of the Modaraba's outstanding share in the jointly owned asset, reduced by the value of musharaka units purchased by the customer during the period. As the arrangement is in substance a financing arrangement, the Modaraba's share in the jointly owned asset is not recorded as an operating fixed asset or as an Ijarah asset.

Financings are stated net of specific and general provisions against non-performing financings, if any, which are determined in accordance with the requirements of the Modaraba Regulations issued by the SECP and charged to the statement of profit or loss. Outstanding amounts are written off when there is no realistic prospect of recovery.

### 3.8 Advances, prepayments and other receivables

These are stated at cost less estimates made for doubtful receivables based on a review of all outstanding amounts at the reporting date. Balances considered bad and irrecoverable are written off when identified.

### 3.9 Taxation

#### Current

Provision for current taxation is based on taxable income for the year at the current rates of taxation after taking into account applicable tax credits, rebates and exemptions available, if any.

#### Deferred

Deferred tax is recognized using the statement of financial position liability method, on all temporary differences arising between the tax bases and carrying amounts of assets and liabilities appearing in the financial statements. Deferred tax liability is recognized for all taxable temporary differences. Deferred tax asset is recognized for all deductible temporary differences to the extent that it is probable that the temporary differences will reverse in the future and taxable profits will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

### 3.10 Levy

In accordance with Income Tax Ordinance, 2001 (Ordinance), computation of final taxes is not based on taxable income. Therefore, as per IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by the Institute of Chartered Accountants of Pakistan (ICAP), these fall within the scope of IFRIC 21. There are no material final taxes/levy that fall within the scope of IFRIC 21 during the year ended June 30, 2026.

### 3.11 Impairment of non-financial assets

The carrying amounts of the Modaraba's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. Impairment loss determined as the difference between carrying value and recoverable amount being higher of asset's fair value less cost to sell and value in use. If such an indication exists, the assets' recoverable amounts are estimated in order to determine the extent of impairment loss. The resulting impairment loss is recognized in the statement of profit and loss.

### 3.12 Fair value measurement

The Modaraba measures certain financial instruments, and non-financial assets such as assets classified as held for sale and investment property, at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Modaraba has access at that date. The fair value of a liability reflects the effect of non-performance risk. When applicable, the Modaraba measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

When measuring fair value, the Modaraba takes into account the characteristics of asset or liability which include the condition and location of the asset and restrictions, if any, on the sale or use of the asset.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Modaraba uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Valuation techniques used to measure fair value are applied consistently unless a change in a valuation technique or its application results in a measurement that is equally or more representative of fair value in the circumstances. Revisions resulting from a change in the valuation technique or its application are accounted for as a change in accounting estimate.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within different levels of the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole.

Fair value hierarchy categorizes into following three levels the inputs to valuation techniques used to measure fair value:

- Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Modaraba can access at the measurement date.
- Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 — Unobservable inputs for the asset or liability.

For the purpose of fair value disclosures, the Modaraba has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

### **3.13 Creditors, accrued and other liabilities**

These are carried at amortized cost, which is the fair value of the consideration to be paid in the future for goods and services.

### **3.14 Provisions, contingent assets and liabilities**

Provisions are recognized when the Modaraba has a present, legal or constructive obligation as a result of past obligating events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent asset, are not recognized and are disclosed unless a inflow of economic benefits are virtually certain. Contingent liabilities are not recognized and are disclosed unless the probability of an outflow of resources embodying economic benefits is remote.

**3.15 Staff retirement benefits****Defined contribution plan - employees provident fund**

The Modaraba operates a recognized provident fund for all eligible employees and equal contributions by the employer and employee to the provident fund are made at the rate of 10% of the basic salaries of employees.

**Defined benefit plan - employees gratuity fund**

The Modaraba operates a gratuity fund for all eligible employees who have completed the minimum three years of service. The fund is administered by the trustee nominated under the Trust Deed. The contributions to the Fund are made in accordance with the actuarial valuation using Projected Unit Credit Method. Actuarial gains and losses arising at each valuation date are recognized immediately.

**3.16 Revenue and other income recognition**

The revenue recognition of the Modaraba is based on the following policies:

- For ijarah arrangements, ijarah rentals are recognized as income on accrual basis, as and when rentals become due. In case of ijarah arrangements with staggered rentals, the income is recognized on a straight line basis over the ijarah term.
- Income in respect of non-performing ijarah finance is held in suspense account, where necessary, in accordance with the requirements of the prudential regulations for modarabas issued by the SECP.
- Documentation charges, front end fees and other ijarah related income are taken to the statement of profit and loss on an accrual basis.
- Profit on diminishing musharaka arrangements is recognized under the effective mark-up rate method based on the amount outstanding.
- Mark-up / return on deposits / investments is recognized on accrual basis using the effective profit rate method.
- Other income is recognized on an accrual basis.
- Dividend income.

**3.17 Proposed profit distribution to certificate holders**

Dividends declared made subsequent to the reporting date are considered as non-adjusting events and are recognized in the financial statements in the period in which such dividends are declared.

**3.18 Earnings per certificate**

Basic earnings per certificate is calculated by dividing the profit after taxation for the period by the weighted average number of certificates outstanding during the period. Diluted earnings per certificate is determined by adjusting the profit or loss attributable to ordinary certificate holders by taking into account the conversion of any dilutive potential ordinary certificates.

**3.19 Ordinary certificate**

Ordinary certificate, are classified as equity and are recorded at their face value incremental cost directly attributable to the issue of new certificate as allotments are shown in equity as a deduction net of tax.

**3.20 Foreign currency transactions**

Monetary assets and liabilities in foreign currencies are translated into Pakistani Rupees at the rate of exchange prevailing at the reporting date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates are recognized in the statement of profit and loss.

**3.21 Segment reporting**

As per IFRS 8: "Operating Segments", segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Chief Executive Officer has been identified as the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments. The Chief Executive Officer is responsible for the Modaraba's entire product portfolio and considers the business to have a single operating segment.

The Modaraba's asset allocation decisions are based on a single integrated investment strategy and the Modaraba's performance is evaluated on an overall basis.

**3.22 Related party transactions**

All transactions with related party are priced on arm's length basis. Prices of these transactions are determined on the basis of admissible valuation methods.

**3.23 Ijarah rental receivable**

These are stated at amount recoverable net of provision (if any).

**3.24 Compensated absences**

The Modaraba makes provision in the financial statements for its liability towards compensated absences based on the leaves accumulated up to the statement of financial position date.

**3.25 Commitments**

## **20. CONTINGENCIES AND COMMITMENTS**

### **20.1 CONTINGENCIES**

**20.1.1** The Modaraba received a letter from the Assistant Commissioner - Sindh Revenue Board (SRB), wherein, it is mentioned that during scrutiny of the financial statements of the Modaraba from July-2014 to March 2018 he came to know that the Modaraba is engaged in providing / rendering taxable services which falls under the Second Schedule of Sindh Sales Tax on Services Act, 2011 (the Act), and the sales tax on such services mainly ijarah / lease rentals aggregates to Rs. 27.67 million which is outstanding. Such letters were also received by some other Modarabas and collectively, a petition against the same was filed through a common legal counsel in the Honorable High Court of Sindh challenging levy of Services Sales Tax on ijarah / lease financing transactions. The Honorable High Court has granted a stay stating that no adverse order in respect of the proposed treatment shall be made against the Petitioners.

The management of the Modaraba based on discussions with its legal counsel is of the view that the Sindh Sales Tax is not applicable on ijarah transactions and expect that the matter will be decided in Modarabas' favor. Accordingly, no liability in respect of the above has been recognized in these financial statements.

**20.1.2** Government of Sindh through the Sindh WWF Act, 2014, has introduced levy of SWWF. As per Sindh WWF Act, 2014, Banks / Financial Institutions are included in definition of "Industrial Establishment" Sindh WWF is imposed at the rate of 2% to the total income. Since the Banks and other Financial Institutions including Modarabas are trans-provincial entity with the operations in other provinces as well, the Modarabas & other financial institutions along with other banks have filed a suit before Honorable Sindh High Court and challenged the vires of SWWF. In this respect, the Court in its order dated January 21, 2025, has referred the matter to the decision of the Council of Common Interest on agenda item 14 dated December 23, 2019 wherein it was decided that the trans-provincial entities are under the domain of Federal Legislation. In the light of the above judgement, the levy of SWWF is no more payable to SRB unless the Honorable Supreme Court/Parliament reverses the decision or provides interim relief to SRB. Further, Sindh Modaraba being a Sindh Government owned entity through Sindh Modaraba Management limited, does not fall within the definition of "Industrial Establishment".

Keeping in view the above and as the matter has been taken-up with Government of Sindh to intervene in the matter being Sindh Government entity as such no provision has been recognized in these financial statements for SWWF. The Modaraba is confident of a favorable outcome and, accordingly, considers the exposure to be contingent in nature.

### 32.6.3 Liquidity risk

Liquidity risk arises because of the possibility that the Modaraba will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Modaraba's reputation. **33. CAPITAL RISK MANAGEMENT**

The Board's policy is to maintain a sound capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Modaraba defines as net profit for the year divided by total Certificate holders' equity. The Board of Directors also monitors the level of dividend to ordinary certificate holders.

The Modaraba is not a Certificate of Musharakah raising modaraba and is accordingly not subject to the minimum equity requirement under Regulation 17(1)(b) or the capital adequacy ratio requirement under Regulation 20 of the Modaraba Regulations, 2021. The Modaraba is, however, required to maintain its aggregate liabilities within ten times of its equity under Regulation 12(1). The Modaraba has complied with these requirements during the year.

The Modaraba finances its operations through equity and management of working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk. There is no borrowing made by the Modaraba as at the statement of financial position date, therefore, no gearing ratio is calculated.

**34. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Modaraba is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

International Financial Reporting Standard (IFRS) 13, 'Fair value measurements' requires the Modaraba to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (level 2); and
- inputs for the assets or liability that are not based on observable market data (i.e., unobservable inputs) (level 3).

As at June 30, 2026, there were no financial instruments which were measured at fair values in the financial statements.

**35. SEGMENT INFORMATION**

As per IFRS 8: "Operating Segments", segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Chief Executive Officer has been identified as the Chief Operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments.

The Chief Executive Officer is responsible for the Modaraba's entire product portfolio and considers the business to have a single operating segment. The Modaraba's asset allocation decisions are based on a single integrated investment strategy and the Modaraba's performance is evaluated on an overall basis.

The internal reporting provided to the Chief Executive Officer for the Modaraba's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting standards as applicable in Pakistan.

The Modaraba is domiciled in Pakistan. All of the Modaraba's income is from investment in entities incorporated in Pakistan.

The financial statements have been prepared on the basis of a single reportable segment.

Revenue from operations from ten major customers of the Modaraba constitutes 67.88% (June 2025: 63.81% from ten major customers) of the total revenue from operations during the period ended June 30, 2026.
